

About Soul de Vienne:

Soul de Vienne is an international music project founded by composer, producer and multi-instrumentalist Roman Schleisnitz. Blending soul, jazz, cinematic pop and modern grooves, the project creates emotionally driven music where every song tells its own story.

Rather than following trends, Soul de Vienne is guided by timeless songwriting, expressive musicianship and authentic performances. Warm vocals, rich brass arrangements, organic keyboards and carefully crafted rhythms combine to create a sound that is both intimate and cinematic.

Each production brings together talented musicians from different countries, united by a shared passion for musical excellence. Every detail is shaped with care—from the first melody to the final mix—to create music that feels honest, sophisticated and deeply human.

Inspired by the musical heritage of Vienna while embracing contemporary production, Soul de Vienne builds bridges between tradition and modernity. The result is a distinctive sound that values emotion over spectacle and musical craftsmanship over convention.

With the release of *World Gone Mad*, Soul de Vienne presents its most ambitious work to date—an album reflecting the uncertainty, hope and resilience of our time. It is a collection of songs about staying human in an ever-changing world.
